When you hear this ya one
Wailing Soul you know fe true, yeah man
When you hear this ya one ya
Wailing Soul you no fe joke

Better stop this cultural diffusion
Spreading fear and confusion
Playing cloak and dagger wars
Losing what you fighting for

Back back, coming with a double attack
Step back, here comes the shark attack

What more do they want
They have got all they need
Yet they turn their backs
On the hands that feeds them

Yes it's a new world order, oh yeah

Another new world order, oh yeah
A wicked world order, oh yeah
A new world order, oh yeah

Better stop this cultural diffusion
Spreading fear and confusion
Playing cloak and dagger wars
Forget what you fighting for

Yes it's a new world order
Another new world order, oh yeah
A crucial world order, oh yeah
A wicked world order, oh yeah

Back back, coming with a double attack
Step back, here comes the shark attack
Back back, coming with a double attack
Step back, here comes the shark attack

Yes it's a new world order, oh yeah
Another new world order, oh yeah
A crucial world order, oh yeah
A wicked world order, oh yeah
