The journey starts today  
F  
The journey starts today

Am  
It's a big, big world but you know where to find me  
G  
We'll be together and we're gonna do it our way  
F  
We'll discover we believe in each other  
G  
On adventures with my friends like  
F  
Every day

Am  
Dawn's rising over the horizon  
G  
To shine a light on what the day ahead is hiding  
F  
We'll stick together, leaping into the deep end  
G  
The adventure only ends when another begins

G  
And we're already on our way  
Am  
The journey starts today  
F  
The journey starts today

Am  
Far from home, but we're never feeling lonely  
G  
Headstrong, step and head along into the dark  
F  
Hold on 'cause we're heading there on our own  
G.  
Whatever happens  
F  
In the end we'll forever be changed

Am  
Imitate us, but you won't intimidate us  
G  
We keep 'em looking for another way to break us  
F  
Because we know if there's a will, there's a way back up  
G  
Win or lose  
F  
We can choose to be never the same

G  
And we're already on our way  
Am

Am  
If I lose my grip  
Will you be there to pick me up?  
G  
If I gotta run  
Will you be coming with me up?  
F  
'Cause I got your back and you got mine  
G  
And there's nothing that can stop us now  
F  
If all else fails

Am  
Will you help me when I lose my way?  
Set your sails  
To be ready for the winds of change  
'Cause the journey starts today
