

Wallows - Anytime, Always

tom:

Dbm

I only need a shoulder to cry on, cry on

So please would you leave me a light on? Light on

And I'll come by when you don't mind

But not if it'll only waste your time

Gbm Well, you can call me anytime, **Dbm** always

You can call me anytime, **A** always

You can call me anytime, **Gbm** always

You can call me anytime, **Dbm**

(**Gbm** **Dbm** **A** **E**)

Dbm I hope you whisper close when you lean in, lean in

A And please give me some kind of reason, reason

Dbm To let go of the state of mind

A That the only time I waste is mine

Gbm Well, you can call me anytime, always

A You can call me anytime, always

Gbm You can call me anytime, always

Dbm You can call me anytime

Can't think of the last time that I truly smiled

Abm

Till you looked up at me, could you stay a while?

Dbm

A

Let's make up the best years you and I have ever had
