

# Wallows - OK

tom:

[Primeira Parte]

I know you so well  
You know that I can tell  
the slightest difference in your?facial?  
expression  
Don't tell me?nothing's on your mind  
If we're honest,?it will all be fine  
I'm someone who likes to talk things through  
The hardest thing is getting it out of you

Let you close your perfect eyes

[Refrão]

'Cause there's no need to explain  
I know what you want to say (Ooh)  
We could just say, "Goodnight", if you  
think that's alright  
There's no need to explain  
I know that we can relate  
Can we get up and try to feel okay  
again?  
Okay

[Segunda Parte]

I'm getting too close  
You say you love me most  
want to  
Need to get this shit out of my head  
Before I flip this on myself instead  
Please come over here  
Lay your head right down

Don't make a sound  
I hear you loud and clear

[Refrão]

'Cause there's no need to explain  
I know what you want to say (Ooh)  
We could just say, "Goodnight", if you  
think that's alright  
There's no need to explain  
I know that we can relate  
Can we get up and try to feel okay  
again?

Okay  
[Ponte]

If we know we love each other, what's the concern?  
Found with or without separation is  
what I've learned  
I'd wait for an hour, or I'd wait for a year  
Is your opinion on it something I want to hear?  
I know you never lie, but I self-sabotage  
I know your love isn't just a mirage  
But I tend to panic if I can't reach out and grab it  
I need to get out all these bad habits

[Refrão]

'Cause there's no need to explain  
I know what you want to say (Ooh)  
We could just say, "Goodnight", if you  
think that's alright  
There's no need to explain  
I know that we can relate  
Can we get up and try to feel okay  
again?  
Okay
