

Wallows - Quarterback

tom:

B

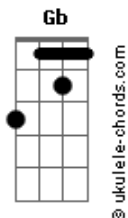

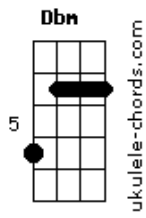

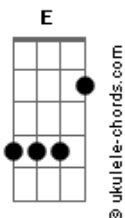

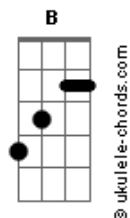

E I'm anxious, pacin'
Thoughts are racin'
B Is this over?
Why won't you call my number?

E You said "I'll be alright"
I knew by the look in your eyes
B But anytime you want you know I'll be the one
Do you feel the same or was it just for fun?

E 'Cause summer's gone
I'm alone wishin', for your call, startin' to freak
B I'm not sure if he's comin' over for the night
Quarterback's fine

Dbm Summer's gone
Gb I'm alone wishin', for your call, startin' to freak
B I'm not sure if he's comin' over for the night
E

Acordes

Quarterback's fine

Dbm Spotlights, burn down
Gb I'm left with my doubts
B Yeah we're done, but what for?
E I don't play for a team sport

Dbm You said "I'll be alright"
Gb I knew by the look in your eyes
B But anytime you want you know I'll be the one
E Racin' to your door even against
The odds, but now

B Summer's gone
I'm alone wishin', for your call, startin' to freak
E I'm not sure if he's comin' over for the night
Quarterback's fine

B Summer's gone
I'm alone wishin', for your call, startin' to freak
E I'm not sure if he's comin' over for the night
