# Warren Barfield - Drop The World

```
Tom: G
Intro: G D C

G            D       C
She's in so much pain
G               D         C
I wish I could take it all away
G          D          C
She deserves a break, she is good
G            D      C
She's been through more than any one person should
C        D       Em7
God, please hold her tonight

C        G                       D
Take away the loneliness that she is left with
C         G            D
She is left with no other hope but you
C         G              D
They say that You hold the world in Your hands
Am7                G
Please hear my prayer tonight
            C
Drop the world
        D      G D C
And hold her

 G        D              C
She thinks her life is over
 G          D            C
She's convinced this is the end
 G          D          C
But You can show her a better love than she's ever known
 G          D        C
You can make her love again
 C          D      Em7
God, please hold her tonight
```
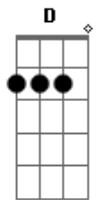

```
   C       G              D
Take away the loneliness that she is left with
C         G            D
She is left with no other hope but you
C         G              D
They say that You hold the world in Your hands
  Am7             G
Please hear my prayer tonight
            C
Drop the world
        D    Em7 C Em7 C
And hold her

 D        D        C          C
I wish I could turn back time
 D        D        Am7
Or even make it fly
                  Em7
To any time but now
                  C          D
'Cause now she hurts so bad

 C        G                       D
So take away the loneliness that she is left with
 C         G            D
She is left with no other hope but you
 C         G              D
They say that You hold the world in Your hands
   Am7                 G
Please hear my prayer tonight
                C
Drop the world
          D
And comfort her
              C
Drop the world
        D      G D C
And hold her
```
