

# Waterparks - Blonde

Tom: D  
Intro: Bm G  
At least it's all about you  
I think the blondes are done with fun  
At least it's all about you  
I think the blondes are done, we're all too cool for fun  
I go blonde when I'm sad  
Blew motivation I had  
To make my still-beating something  
Not hurt that bad  
Haven't been home in some months  
I haven't loved myself  
Just watching friends online  
Look like they need some help

G  
I never wanted to be thinking this loud  
A  
I never asked about the when, why or how  
Bm  
I wanted privacy, routine and everything between  
A  
While they're just finding me out  
G  
I never wanted to be thinking this loud

A Bm G  
At least it's all about you  
I think the blondes are done with fun  
At least it's all about you  
I think the blondes are done  
We're all too cool for fun  
No plastic or paper can take her or make her  
Shake from the fact she's my world devastator  
You...

I think the blondes are done  
We're all too cool for fun
