tom:
(intro) D A Bm G

Watching you sleep for so long,
Knowing that I can't turn the rain into sun

I've given you all that I am

Now I stand here too scared to hold your hand

Afraid you might wake to see

The monster that had to leave.

'Cause you see the shelter as the storm
G D
Holding wind to keep you warm
A Bm
You are everything to me
G D
This is why I have to leave
A D A
So sleep well, my angel

Bm A
Under the ash of the lies
Bm A
Something beautiful once here now dies
Bm A
And the tears burn my eyes
Gbm G

As you sit there all alone

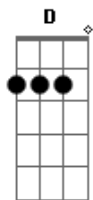

I just want to come home

D A Bm
But you see the shelter as the storm
G D
Holding wind to keep you warm

You are everything to me

This is why I have to leave

So sleep well, my angel
