

We The Kings - Sad Song

Tom: C
Intro:

^C You and ^G I were like ^{Am} fireworks and ^F symphonies exploding in the sky.

^C With you i'm ^G alive
like all the ^{Am} missing pieces of my heart, they ^F finally collide
So ^{Am} stop time right here in the ^{Em} moonlight
cause i ^F don't ever wanna ^G close my eyes

^F Without you, i feel ^C broke like i'm ^G half of a whole
Without you, i've got ^C no hand to hold
Without you, i feel ^F torn, like a ^G sail in a ^{Am} storm
Without you i'm just a ^F sad song

^C with you i ^G fall its like im ^{Am} leaving all my past and
silhouettes upon the wall
With you im a ^C beautiful ^G mess
its like were ^{Am} standing hand in hand with all our ^F fears upon
the edge
^{Am} So stop time right here in the ^{Em} moonlight
cause i ^F don't ever wanna ^G close my eyes

^F Without you, i feel ^C broke like i'm ^G half of a whole
Without you, i've got ^F no hand to hold
Without you, i feel ^F torn, like a ^C sail in a ^G storm
Without you i'm just a ^G sad song

^C You're the perfect ^F melody, the only ^{Am} harmony i ^G wanna hear
^C You're my favorite ^F part of me, the girl ^{Am} standing next to me
ive got ^G nothing
to fear

^F Without you, i feel ^C broke like i'm ^G half of a whole
Without you, i've got ^F no hand to hold
Without you, i feel ^F torn, like a ^C sail in a ^G storm
Without you i'm just a ^G sad song

^F Without you, i feel ^C broke like i'm ^G half of a whole
Without you, i've got ^F no hand to hold
Without you, i feel ^F torn, like a ^C sail in a ^G storm
Without you i'm just a ^G sad song
