```

```
We're all alone

CHORUS

```
B          Gb
  Back in 1991
                                 Ab
I wasn't havin' any fun
                                 Bb
'Till my roommate said "Come on
                               B
And put a brand new record on"
                  Gb
Had a baby on it
                  Ab
He was naked on it
                               Bb
Then I heard the chords that broke
                           B
The chains I had upon me
                          Gb
Got together with my bros
                          Ab
In some rehearsal studios
                              Bb
Then we played our first rock show
                               B
And watched the fan base start to grow
                              Gb
Signed the deal that gave the dough
                  Ab
To make a record of our own
                            Bb
The song come on the radio
Now people go this is the song
```

```
