Weezer - I Don't Want Let You Go
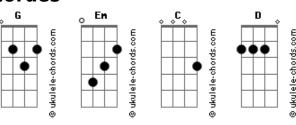

Tom: G

```
    G
All the times you came to me and told me that you cared
Em
I was dreaming of happy days that we both could share
C
Maybe I got too excited and maybe you freaked out
D
Maybe I just have to call you up and scream and shout

G
All my friends tell me that I ought to play it cool
Em
No one likes too much attention from a desperate fool
C
Still I don't believe that I could keep it all inside
D
When I see your pretty face I almost want to cry

G                    Em                        C
I know it isn't right, but still I have to fight
                     D                          G
I have to let you know, I don't want to let you go
                     Em                     C
The pain is killing me, but I can't let it be
                     D                          G
I have to let you know, I don't want to let you go
```

```
( G Em C D )

G
I remember the days when I was stronger than a wall
Em
Try as anybody might, they couldn't move me at all
C
Now I fall to pieces when you softly call my name
D
Going up in smoke like a moth within your flame

G
I have lost all hope for being normal once again
Em
I will be a slave to you until the bitter end
C
Even if it's a hundred years before you change your mind
D
I will be here waiting girl until the end of time

G                    Em                        C
I know it isn't right, but still I have to fight
                     D                          G
I have to let you know, I don't want to let you go
                     Em                     C
The pain is killing me, but I can't let it be
                     D                          G
I have to let you know, I don't want to let you go
```
