

Weezer - Smile

Tom: E

Weezer ''Smile''
Intro:

(E Abm A Gb B Gbdim Dbm Ab)

Open the door and let your love come down
Over the wall you're spinnin' round and round
'Cause you wanted some love
I'll make it happen

(A B E Dbm A B)
'Cause I don't want to break
Your fine face, I can't take
The way you wanna wrap me up
Inside your smile

(E Abm A Gb B Gbdim Dbm Ab)

Open your heart and let the good stuff out
Water me girl, and let me ease the drought
'Cause you wanted some love
I'll make it happen

(A B E Dbm A B)
'Cause I don't want to break
You fine face, I can't take
The way you wanna wrap me up
Inside your smile

(A B E Eb Dbm B A B)
I can't be gone darlin'

For very long
(No) never know what you're gonna do
Standin' there deep in front of you
Take a look in between my eyes
Because I'm back
Yeah

Solo:

(A B E Dbm A B)
'Cause I don't want to break
You find things I can't take
The way you wanna wrap me up
Inside your smile

(A B E Eb Dbm B A B)
I can't be gone darlin'
For very long
(No) never know what your gonna do
Standin' there deep in front of you
Take a look into my eyes
Because I'm back
Yeah

(E Abm A Gb B Gbdim Dbm Ab)
Give me a chance if you can force yourself
Look at me girl and get up off your shelf
'Cause you wanted some love
I'll make it happen
