Weezer - The Grunge Song

| Tom: Bb Fica nisso, eh a parte calma da música | And we go back To the quiet part Again If the whole song was this way It would be boring |
|--|--|
| Depois quando falar: "And this is the part" ou "So we go back to play loud" fica mais pesado e entra com distorção | So we go back to play loud It's like the first time But this try'll be louder This is usually the place Where it would be quiet again But we don't wanted to be |
| This is the part of the song That's really quiet We play very soft It sounds like a ballad | Too predictable Predictable Predictable |
| And this is the part Where we play real hard It's much louder Than at the beginning | Se tiverem qualquer dúvida ou quiserem trocar idéias sobre música, mandem um e-mail ou entrem no icq UIN: 296475122 |
