

Weezer - Unspoken

Tom: A

(intro 4x) A D

Every morning, every day
I am hoping for the chance to get away
In the evening, every night
I am dreaming of a chance to make it right
Every chance that I get I am placing a bet
On the sun in the sky

(refrão)

And if you take this away from me
I'll never forgive you, can't you see?
Our life will be broken
Our hate will be unspoken

(Gbm Bm E A)

I can feel those metal chains
And they're holding back the hope that keeps me sane
I can fight back, yes I can!
Cause I'm strong enough to show you I'm a man
And I hate what you do when your poison seeps through
And you're laughing at me

(refrão)

(Gbm Bm E A)

Every chance that I get, I am placing a bet
On the sun in the sky, as it sets out of sight
And I hate what you do when your poison seeps through
And you're laughing at me

(refrão 2x)
