[Primeira Parte]

^D
Tiny, tiny shades of light
Came dancing gently through my window

The dying planet grew dark and still
My feisty engines took me up and then
^{Em}
I could see the embers
^D
Of Andromeda

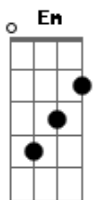

[Refrão]

^{Gm} I'm not anywhere, I'm here ^D
^{Bm} And I'm not waiting any longer ^{Gbm}
^C For this world to be still ^A
^D
I raise my glass and I remember her
Oh sweet Andromeda
[Segunda Parte]
^D
My mood gets lifted with the gravity's pull
Looks like I'm smiling
^{Em}
But I'm dying too
^D
We only mirror our surroundings
Oh sweet Andromeda
