

Paul Weller - Cobweb / Connections

tom:
D
[Primeira Parte]
D
Can you see the good things in your life
D
See what's really happening and why
A
Hear that distant bell so clear and bright
A
Heralding a new day. Somewhere, all connected
D
In your mind
D
Can you jump for joy and clap in time
D
Not a trace of goodness you could find
A
Is there not a moment you could cite
A
That takes you through the back roads
A
Down by the river. Somewhere in the cobwebs
D
Of your mind
[Refrão]
D
So don't go
D
And get by
Bm
'Cause that's not life
G
It's just getting through the day
D

So I say
D
Change today
Bm
Save yourself
G
And save all those around you too
[Solo] D A D
[Ponte]
Em
And all the pictures you've been shown
A
Were made from paper, not from stone
Em
But only you can now decide
A
How old and new worlds will collide
[Refrão]
D
So don't go
D
And get by
Bm
'Cause that's not life
G
It's just getting through the day
D
So I say
D
If I may
Bm
Save yourself
G
And save all those around you too
