# Paul Weller - Failed

```
                          tom:
                 Dbm

            [Primeira Parte]

 Dbm
Between the devil and the deep blue sea
  Abm              Gbm
Between a rock and a carbonised tree
 Gbm          B              Dbm
And everyone quite easily says, "Bye"
 Dbm
I banished all when I went away
  Abm              Gbm
I never said what I wanted to say
 Gbm          B              Dbm
And everytime I brought it up  I failed
 Dbm
I hate myself when it gets to this
  Abm              Gbm
I'm just a coward when it comes to it
 Gbm          B              Dbm
And everytime I try to reach I fail

[Refrão]

  Abm
If everything was different now
  A                       Ab
How different would I be?
 Gb
If I could change one thing around
 B           Bm     A        Abm    Ab
Would that pattern still be complete?

[Segunda Parte]

  Dbm
I banished all when I went away
```
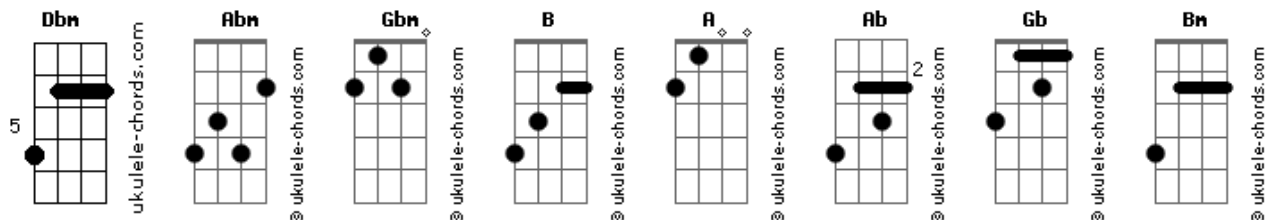

```
   Abm              Gbm
I couldn't face standing there all day
 Gbm              B              Dbm
Tryng think of clever things to say I bailed

[Solo] Dbm   Abm   Gbm   B   Dbm

[Refrão]

   Abm
If everything was different now
  A                        Ab
How different would I be?
 Gb
If I could change one thing around
 B              Bm  A       Abm         Ab
Would that pattern still be complete?

[Terceira Parte]

  Dbm
What kind of person have I really been?
  Abm              Gbm
I never took it, I just follow a dream
 B                     Gbm
And all the things I just don't get
 B                Gbm
And all the words I never meant
 B                    Gbm                      Dbm
And all things that make no fucking sense I failed
 Dbm
Oh, I failed
 Dbm
Mmm, I failed
 Dbm
Mmm, I failed

Oh, I failed
```

## Acordes
