

Paul Weller - Feeling Alright

tom:
C

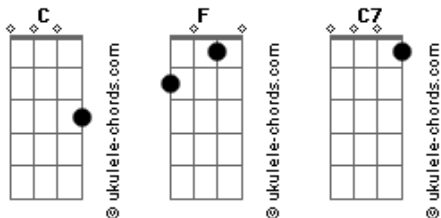

[Verso]

C F
Seems I've got to have a change of scene
C F
'Cause every night I have the strangest dream
C F
Imprisoned by the way things used to be
C F
Left here on my own or so it seems
C F
I've got to get out before I start to scream
C F
'Cause someone's locked the door and took the key

[Refrão]

C7 F
You feeling alright?
C7 F
I'm not feeling too good myself
C7 F
You feeling alright?
C7 F
I'm not feeling too good myself
[Verse]
C F
Well boy, you sure took me for one big ride
C F
And even now I sit and wonder why
C F
An' then I think of you and I start to cry
C F
But I just can't waste my time and must keep dry
C F
Gotta stop believing in all your lies
C F
'Cause there's too much to do before I die
