

# Paul Weller - Old Castles

Tom: **G**

m

[Verso]

**Gm** **Dm**  
Moonbeams and twilight  
**F** **Em** **Dm**  
Sit by the fireside and glow  
**Gm** **Dm**  
Casting grand shadows  
**F** **Em** **Dm**  
All on the meadows below

[Verso]

**Gm** **Dm**  
But the old king is quiet  
**Bb** **C** **Dm**  
Looks into the fire, I think he knows  
**Gm** **Dm**  
That his bubble has burst  
**Bb** **C** **Dm**  
And what's worse is now it shows

[Pre-refrão]

**F** **C**  
His old world is changing  
**Dm** **C** **Bb**  
But he don't notice at all  
**F** **C**  
His kingdom is crumbling  
**Dm** **C** **Bb** **C**  
But he can't see it and so, oh

[Refrão]

**Gm** **Am** **Dm**  
Some kings just don't care  
**Gm** **Am** **Dm**  
Happy just to stare and stare  
**Gm** **Am**  
And bad things will happen  
**Gm** **Am** **Dm**  
That cause old castles to fall

( **Gm** **Dm** **F** **Em** **Dm** )  
( **Gm** **Dm** **F** **Em** **Dm** )

[Verso]

**Gm** **Dm**  
He could have done something  
**F** **Em** **Dm**  
Inspired a tired old Earth  
**Gm** **Dm**  
Done something good, done something right  
**F** **Em** **Dm**  
With which the people could unite and grow

[Pre-refrão]

**F** **C**  
For their old world is changing  
**Dm** **C** **Bb**  
But they don't notice at all  
**F** **C**  
Their kingdoms are crumbling  
**Dm** **C** **Bb** **C**  
But they can't see it and so, oh

[Refrão]

**Gm** **Am** **Dm**  
Some kings just can't say no  
**Gm** **Am** **Dm**  
They'll take till there's nothing to grow  
**Gm** **Am**  
And bad things will happen  
**Gm** **Am** **Dm**  
That cause old castles to fall  
**Gm** **Am**  
For its roots are rotten  
**Gm** **Am**  
Its old walls and all  
**Gm** **Am**  
And bad things will happen  
**Gm** **Am**  
That cause old castles  
**Gm** **Am**  
Cause old castles  
**Gm** **Am** **Dm** **Gm** **C** **D**  
Cause old castles to fall Oh
