Tom: D

(com acordes na forma de C)

Capotraste na 2ª casa

Intro: C G C

Where you gonna run now old Jimmy?
To the dark of night now old Jimmy
Gonna run 'till there ain't no breath, left inside my tired chest
only then will I find charity
When you gonna find the strength to be
Clear ya mind of the darkness that you see
I'll run till my legs expire, lead me down the cold winds quite
Only there will I find purity
Look for that homecoming sweet daddy'o
Look for that star shining, sweet pretty 'o
I'm coming home
Where you gonna find such charity

As a love of loved ones old Jimmy
I'll beat my head 'till dawn figure out what I'm running from
Only then will I find piece in me

Interlúdio:

(C G Am F)
(C G C)

Look for that home coming sweet daddy' o
Look for that star shining sweet kiddie 'o
I'm coming home

Where ya gonna go now old Jimmy?
Down by that muddy estuary
Ya can't see through the muddy waters
Fast flowing tides that order
Which direction that you need to be

Where you gonna run now?
Where you gonna run now?
Where you gonna run now, old Jimmy?
