Intro: **Bm** **A** **E** **A**  
**Bm** **A** **E**

**Bm** **A** **E**  
I've done some things I won't forget  
**Bm** **A** **E**  
But still I live with no regrets  
**Bm** **A** **E**  
I've taken liberties, now they belong to me  
**G** **A** **Bm**  
Yeah, they belong to me

**Bm** **A** **E**  
And I've walked a dark and narrow road  
**Bm** **A** **E**  
To places no one goes alone  
**Bm** **A**  
And everything I've seen  
**E**  
Is written on my sleeve  
**G** **A** **Bm**  
It's got its mark on me

[Refrão]

**Bm** **A**  
Let's start a fire  
**E**  
Let's pull this trigger  
**G** **A**  
'Cause all these bruises  
**Bm**  
Make our skin thicker  
**Bm** **A**  
Now everybody  
**E**  
Can see our scars (can see our scars)  
**G** **A**  
It's what we're made of  
**Bm**  
It's who we are  
**G** **A**  
It's what we're made of  
**Bm**  
It's who we are

**Bm** **A** **E**  
And every day will come to pass  
**Bm** **A** **E**  
Each one quicker than the last  
**Bm** **A**  
We learn from each mistake  
**E**  
With every bone we break  
**G** **A** **Bm**  
That it leaves us stronger in the end
