

Wes Andrade - Let Me Save You

```
Tom: G
If I can save you
To not give up this life
Would you get out of this bridge
And would give one chance to fight?
I know that you have everything
But it seems that you have nothing
But get up my friend, you are loved
                Em
By your friends and family
So I will sing to you and show you
The power of words
\mathsf{Em}\ \mathsf{C}\ \mathsf{G}\ \mathsf{D}\quad \mathsf{Em}\ \mathsf{C}\quad \mathsf{D}
Don't give up, you are loved
Get up your head and see the sky
  G D
It's a good day to be alive {\color{red} \mathbf{C}}
So don't be scared and face your fears
And be sure, that even if it doesn't look like
```

Acordes

```
You'll get through this dark times
When you feel that you are lost
Hold on to who you love the most
And I know my friend, that no one knows \stackrel{\square}{\mathsf{D}}
