The day I was leaving

All of those days
Am D

G
And now I believe it

After what you had to say
Am
I thought about every day
In every way
Am D
And this is what I'll say now baby

G
You don't have to worry
D
'Cause everything's all right
Am
I know that you'll get me
Am D
That you'll get me through the night

G
When you come around
D
You know you pick me up when I'm feeling down
Am
And I want you to know
Baby how can I show
Am D
Do I have to scream and shout?
G
When you come around
D
You only have to smile and you knock me out
Am
But I'm here on the floor
And I'm begging for more
Am D

Baby that's what love's about

G
There's so many reasons
D
Why our love is guaranteed
Am
So many reasons why
I can't hide
Am D
Just what you mean to me
G
So say what you're thinking
D
While you're sitting next to me
Am
Let all your feelings show
Just let me know
Am D
Just how it's meant to be now baby

G
You don't have to worry
D
'Cause everything's all right
