

Wet Wet Wet - Sweet Surrender

Tom: C

Hey little fella Get your show together
 I was listening in before Now I don't care no more
 Look around now It's always that it's gonna get you down
 It's only begun
 One look is all it took I remember that sweet surrender
 I recall, do you That sweet surrender

My determination Came sweeping across the nation
 A sure mistake for anyone Cos you can't take home everyone
 Cos it's only just begun

One look was all it took To remember that sweet surrender

I recall, do you That sweet surrender

I don't know I don't care Cos I'm living without you baby
 Even when I know what's going on It only took
 One look, one glance To set me heart for romance
 One look is all it took
 My sweet surrender
 My sweet surrender

One look is all it took to remember

(I don't know, I don't care)

My sweet surrender
