

# Whales - Ottawa Rockstar

tom:

C

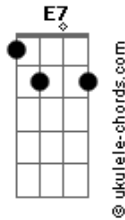

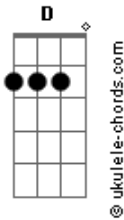

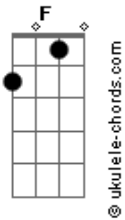

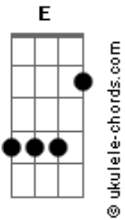

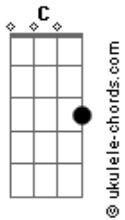

I wanna be your Ottawa rockstar  
Six feet, jumping on your dad's car  
I could be your pretty boy killer  
Just another season that I can't control

I'm losing my cool  
You already know  
I'm losing my cool

I wanna be the death of the party  
Fill my lungs till I can't hold on to you  
What a beautiful view

And I'm losing my cool  
And I can't control  
I'm losing my cool  
You already know

## Acordes

I'll play the fool

I'm losing my cool  
You already know  
I can't control  
You already know

I wanna be your Ottawa rockstar  
Six feet, jumping on your dad's car  
I could be your pretty boy killer  
Just another season that I can't control

I'm losing my cool  
You already know  
I'm losing my cool
