```
tom:
                Ebm (forma dos acordes no tom de Am )
Capostraste na 6º casa
           Am
Work all day, work all night
Might not get no sleep tonight
Baby can you stay up?
We could talk, we could dance
Don't matter the circumstance
                 Em
We don't let it change us
That's the beautiful thing about us
            Em
'Fore all the diamonds and rings, we got trust
Roll with me, get it right, faded on a summer night
See where it takes us
I got real big plans, baby, for you and me
So love me for who I am and for who I'm gonna be
                        Am
Ain't got everything you want, but got everything you need
                      Em
So take a chance, take a chance on me
Am Em .

I got real big plans, baby, for you and me

F Em

Know you're tired, know you're down
Know you wanna leave this town
Baby, give me one year, yeah
Take my hand, take a leap
Girl, you gotta wait and see
                Fm
Where I take it from here
```

Never switch, never stop, I could see us at the top
