Why Don't We - Something Different

Tom: A

```
    Dbm        D
Look at us
                   E
We could paint the perfect picture
Dbm        D
About us
                 E
From your head to toe I'll fit you

Dbm          D
They follow us
            E
Yeah we make the biggest fiction
              Dbm                       D
They believe it so I guess it must be real

Dbm          D
I can read your mind
          E
I know what you're thinking
Dbm          D
I could spend my time
     E
Feeling all the reasons

Dbm          D
What they know about us
         E
Doesn't make a difference
Dbm          D
Baby we got us
         E
We on something different

Dbm          D
We on something something some
Dbm          D        E
We on something different
Dbm          D
We on something something some
Dbm          D        E
We on something different
Dbm          D
We on something something some
Dbm          D        E
We on something different
Dbm          D
We on something something some
Dbm          D        E
```

```
We on something different

Dbm          D
In a rush
            E
Even though we young we flexin'
Dbm          D
We fall in love
            E
About a hundred times a day

Dbm          D
Like it's not enough
            E
Yeah we make the biggest fiction
              Dbm                       D
They believe it so I guess it must real

Dbm          D
I can read your mind
          E
I know what you're thinking
Dbm          D
I could spend my time
     E
Feeling all the reasons

Dbm          D
What they know about us
         E
Doesn't make a difference
Dbm          D
Baby we got us
         E
We on something different

Dbm          D
We on something something some
Dbm          D        E
We on something different
Dbm          D
We on something something some
Dbm          D        E
We on something different
Dbm          D
We on something something some
Dbm          D        E
We on something different
Dbm          D
We on something something some
Dbm          D        E
We on something different
```
