I talk at night

Each butterfly's a moth that can't stand light
Ssris

They're what I need, it's a Band-Aid for my mind

But it's alright

That's what she'll tell you when she leaves your life

And you'll just die

But in the end this time

I'm happy, I'm sad

You're so dramatic

So damn mad

I'm enigmatic

F Dm7 D7

When we kiss

I feel the static
Between us

A chemical reaction

I talk at night

Each butterfly's a moth that can't stand light

Ssris

They're what I need, it's a Band-Aid for my mind

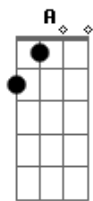

But it's alright

That's what she'll tell you when she leaves your life

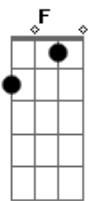

And you'll just die

But in the end this time
