

wifkeleton - Nope Your Too Late I Already Died

tom:
 I'm not tryna ruin your fun
 You're just a little bit late, I guess you're already done
 There's this feelin' I can't shake 'cause I'm too dumb
 I'm never doin' the right thing, so I'm so stuck

If you see me in America, I might say: Hi
 But if you meet me out in Europe, I'm a talkative guy
 Maybe we'll talk over scones around lunch some time
 And I've never been to France, so it might be nice
 But I can't take this paparazzi, geez
