Wilco - If I Ever Was A Child

Tom: D

   Intro: D

```
D                    Am
I've never been alone
                 G
Long enough to know
                 D
If I ever was a child

D                      Am
I was tied up like a boat
                 G
On a button like a coat
              D
Set free for a while
        Em                   Gm
Well I jumped to jolt my clumsy blood
            D         Am
While my white, green eyes
D               Am
Cry like a window pane
              G
Can my cold heart change
              D
Even out of spite?
```

```
    Em              Gm
I slump behind my brain
            D           A
A haunted stain never fades
   Em              Gm          A
I hunt for the kind of pain I can take

        D              Am
And I cry like a window pane
                        G
Can my cold heart change
         D
Over night?
        D              Am
So I won't ever want to touch
                 G
Your heart too much
                  D
Or hold you too tight

    Em              Gm
I slump behind my brain
            D              A
A haunted stain will never fade
   Em              Gm          A
I hunt for the kind of pain I can take

D               Am
I never was alone
                 G
Long enough to know
                 D
If I ever was a child
