

# Wild Rivers - Already Gone

Tom: G  
Intro: Em G C

Em G C  
I walked out my house tonight, just to hear the quiet, listen  
to the dark before I lie  
Em G C  
Looking to the city lights burning from afar, glowing at the  
bottom of the sky

Em G C  
I think nothing beautiful comes without a fight, of course  
there's no exception in us

C  
I've come to love revolving doors and things that tend to  
shine, but you never really cared for that much

Em G C  
Em  
Ooooooh, oh ain't it just a shame, ending 'bout the same way  
that we started out

Em G C  
Ooooooh, oh coming back around with just more jewelry, I'm  
afraid that we've departed now, ooh, ooh

D Em C G  
You won't catch me, trains are moving too fast  
D Em C G  
What's this railcard to some bits of broken glass  
D Em C G  
I had a box of pictures that I hid in tall grass

Em C  
You won't find me cause I'm already gone  
Em C

You won't find me cause I'm already gone

Am C  
Well I used to have love, but I was stubborn and drunk, so I  
squandered it

Em G  
Am C  
I got rid of your taste with some things in a place, because I  
wanted it
