

## William Fitzsimmons - Centralia

```
Tom: F
  Gm Dm C Bb
Gm Dm
I offer myself to you
I am a broken thing
A cardinal with severed wing
A dim morning to hide my face
         C
Though I am a sunderer
        Bb
Geist in eternal grace
( Dm C Bb Gm )
Heir to a crippled crown
My little elysium
God how I've let you down
Let me fall
Through the ground
Where you fell
Back to you
               Dm
```

```
We burn like Centralia
Lost in the ash below
        Bb
Hoping to find a home Gm
So far may you run from me
The cities with living leaves
      Bb
No fire to fear beneath
      Dm
Let me fall
Through the ground
Where you fell
Back to you
Let me fall
Through the ground
Where you fell
Back to you
Let me fall
( C Bb )
```
