Hold on this will hurt more than anything has before  
 What it was, what it was, what it was  
 I've brought this on us more than anyone could ignore  
 What I've done, what I've done, what I've done

I've worked for so long just to see you mess around  
 What you've done, what you've done, what you've done  
 I want back the years that you took when I was young  
 I was young, I was young, but it's done

[Refrão]

Oh take it all away  
 I don't feel it anymore  
 Oh take it all away  
 Oh take it all away  
 I don't feel it anymore  
 Oh take it all away

[Verso]

We'll fall just like stars being hung by only string  
 Everything, everything, here is gone  
 No map can direct how to ever make it home  
 We're alone, we're alone, we're alone

[Refrão]

Oh take it all away  
 I don't feel it anymore  
 Oh take it all away
