Willie Nelson - Always

Tom: C

```
    C                    Gdim  G7
Ev'rything went wrong,      and the whole day long,
     Dm G7  C     Fdim  G7
And feel so blue.
 C              Gdim    G7
For the longest while,       I'd forgot to smile,
     Dm G7  C  C7
Then  I  met you.
 Em          C7             B7
Now that my blue days have passed,
                           Em      Gdim
Now that I've found you at last.

C                            G7                          C
I'll be loving you always, with a love that's true always.
C                     C7      E
When the things you planned need a helping hand,
B7                  E       G7
I will understand always, always.
C                         C7    B7  Bb7
Days may not be fair always;
A7                             Dm
That's when I'll be there always.
F              Dm-  C              D
Not for just an hour, not for just a day,
G7                          C               (G7 )
Not for just a year, but always.

(verso)
C                      Gdim  G7
Dreams will all come true       growing old with you,
    Dm   G7   C     Fdim    G7
And time will fly.
C               Gdim  G7
Caring each day more       than the day before,
      Dm   G7   C     C7
The spring rolls by.
Em             C7             B7
Then when the springtime has gone,
                           Em      Gdim
Then will my love linger on.
