

Willie Nelson - She Is Gone

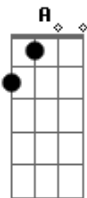

Tom: A
 She is gone
 But she was here
 And her memory is still heavy in the air
 Oh what a taste
 Of human love
 Now she's gone and it don't matter Anymore
 Passing dreams
 In the night

And it was more than just a woman and a man
 It was love
 Without device
 And my heart will never be the same again
 She is gone
 But she was here
 And her memory is still heavy in the air
 Oh what a taste
 Of human love
 Now she's gone and it don't matter anymore.
