

# Wilson Hawk - Stay

tom:

Intro: D D G Gm

D

I know you heard it all before

D

I know the words don't seem to change it

G

I can see the doubt in your eyes, but I still conceive

D

That something good is gonna come

D

I know that we both have waiting for so long

G

And I can feel it in my heart, I feel it in my soul, and I believe

D

D

That if you stay, stay with me tonight

D

Stay where you are

D

Sometimes you search and you go too far

G

And the things you want, the things you need

Gm

are right here, where you are

D

So won't you stay, stay with me tonight

D

If you stay, stay with me tonight

G

You don't have to think about it

Gm

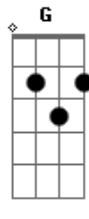

If you believe, it's right

D

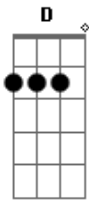

Stay with me tonight

## Acordes
