

Wilson Linse - Açucena

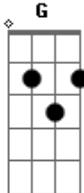

tom:

Intro: G D C Am7 D
 Vem comigo, estar, na luz do sol querer
 Com o voar da passarada e o amor em ti nascer
 Sabiá-una, seu trinar me faz ver dia brotar
 Olhos dágua sangram nos montes
 Vêm regar o meu pomar
 Menina, tu tens o cheiro de fulô

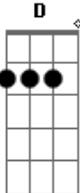

Sou o teu calor nas noites que vêm do frio
 Sinto do canteiro o vapor da açucena
 Fascinando a suavidade toda da verbena
 Atrás da lua, o segredo escondido dessa vida
 Abrandar na clareza do aroma a me conquistar
 Menina, tu tens o cheiro de fulô
 Sou o teu calor nas noites que vêm do frio
