

Within Temptation - Hand Of Sorrow

Tom: **Ab**

(com acordes na forma de F)
Capostrate na 3ª casa

Verse:
The child without a name grew up to be the hand
To watch you, to shield you or kill on demand
The choice he'd made he could not comprehend
His blood a grim secret they had to command

Refrain:
He's torn between his honor and the true love of his life
He prayed for both but was denied

Chorus:
So many dreams were broken and so much was sacrificed
Was it worth the ones we loved and had to leave behind?
So many years have past, who are the noble and the wise?
Will all our sins be justified?

Verse:
The curse of his powers tormented his life
Obeying the crown was a sinister price
His soul was tortured by love and by pain

He surely would flee but the oath made him stay

Refrain:
He's torn between his honor and the true love of his life
He prayed for both but was denied

Chorus:
So many dreams were broken and so much was sacrificed
Was it worth the ones we loved and had to leave behind?
So many years have past, who are the noble and the wise?
Will all our sins be justified?

Bridge:
Please forgive me for the sorrow, for leaving you in fear
For the dreams we had to silence, that's all they'll ever be
Still I'll be the hand that serves you
Though you'll not see that it is me

Chorus:
So many dreams were broken and so much was sacrificed
Was it worth the ones we loved and had to leave behind?
So many years have past, who are the noble and the wise?
Will all our sins be justified?
