

Within Temptation - Silver Moonlight

tom:
 Turn around, open your eyes
 Can't move on, the fear is tying me down
 Oh, open your eyes
 It's alright, oh!

I'm hellbound in this life
 Keep fighting this endless war
 It's always been like this
 I don't know why

Enslavement of your mind
 Your fear, it ties me down
 Going down
 I won't bow, no!

Screaming at the walls of fire
 They're closing in on me (closing in on me)
 I'm hunger for the vertigo, the silver moonlight
 It's where I wanna be (it's where I wanna be)

Screaming at the walls of fire
 But I'm still running free (I'm still running free)
 In the silver moonlight
 I can breathe (I can breathe)

[Instrumental]
 (Em) G D Am
 Em G D Am

These days are only now
 Breathing in the coldest lies
 I think that's only what you have in mind
 Holding on to the best of you
 I hit the pavement
 Going down, I won't bow down!

Screaming at the walls of fire
 They're closing in on me (closing in on me)
 I'm hunger for the vertigo, the silver moonlight
 It's where I wanna be (it's where I wanna be)

Screaming at the walls of fire
 But I'm still running free (I'm still running free)
 In the silver moonlight
 I can breathe

I'm impatient
 But it's colors that I need
 Too many shades of gray
 I cannot breath (I cannot breathe)
 The dreams I have ain't tainted
 I need you to believe
 The only way to make them real

Oh
 (I can't breathe)

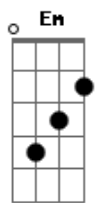

Screaming at the walls of fire
 They're closing in on me (closing in on me)
 I'm hunger for the vertigo, the silver moonlight
 It's where I wanna be (it's where I wanna be)

Screaming at the walls of fire
 But I'm still running free (I'm still running free)
 In the silver moonlight
 I can breathe

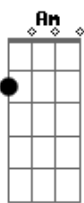

[Instrumental]
