**Ebm Db Gb Db**  
Said all my piece, said all that's left to say

**Ebm**  
There's still blood in your cheeks

**Db Gb Db**  
But your eyes look like miles away

**Bbm Gb Db**  
And I hope you remember this moment forever, my friend

**Ebm Db Gb Db**  
When you wake up alone, no, I ain't comin' home again

**Bbm Gb**  
You and me, you and me, you and me are history

**Db**  
You and me, you and me, you and me are history

**Ebm Db Gb**  
I wish you the best, don't regret what we used to be

**Db Ebm Db Gb**  
But you and me, you and me, you and me are history

**Ebm Db Gb Db**  
Looked in your eyes as you lie right to my face

**Ebm Db Gb Db**  
See through your disguise and yet I still take the bait

**Bbm Db**  
Used to be you and me, comrades in arms, side by side

**Ebm Db Gb Db**

And I got love for you, babe, but love ain't enough this time

**Bbm Gb**  
'Cause you and me, you and me, you and me are history

**Db**  
You and me, you and me, you and me are history

**Ebm Db Gb**  
I wish you the best, don't regret what we used to be

**Db Ebm Db Gb**  
But you and me, you and me, you and me are history, ooooooh

**Bbm Gb**  
And I can't come back, come back from this side

**Db**  
Comin' back, comin' back from this

**Bbm Gb Db**  
There's no comin' back, comin' back from this, no

**Bbm Gb**  
'Cause you and me, you and me, you and me are history

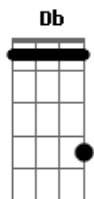

**Db**  
You and me, you and me, you and me are history

**Ebm Db Gb Db Bbm Gb Db**
