Ebm Db Gb Db
Said all my piece, said all that's left to say

There's still blood in your cheeks
Ebm Db Gb Db

But your eyes look like miles away
Bbm Gb Db

And I hope you remember this moment forever, my friend
Ebm Db Gb Db

Bbm Gb
You and me, you and me, you and me are history
Db

You and me, you and me, you and me are history
Ebm Db Gb

I wish you the best, don't regret what we used to be
Db Ebm Db Gb

But you and me, you and me, you and me are history

Ebm Db Gb Db
Looked in your eyes as you lie right to my face

See through your disguise and yet I still take the bait
Ebm Db Gb Db

Used to be you and me, comrades in arms, side by side
Bbm Gb Db Ebm Db Gb

And I got love for you, babe, but love ain't enough this time

'Cause you and me, you and me, you and me are history

And I can't come back, come back from this side
