Every year right around this time
Bm7
People putting up trees and lights
Am7
And I been thinking that this

Don't feel right
B7
'Cause I'm without you

If I could make a list
C7M
You'd be the first in it

If I could make a wish
Bm7
You'd show in a minute
Am7
Only if it was that way
B7
But there's some things that I can't change

[Refrão]

C7M
So now
Bm7
This ain't winter without you
Am7
No more joy, no laughter
Wish that I could
B7
Turn it back around when I'm falling down
C7M
So how
Bm7
How am I supposed to go without you?
Am7
Days gone cold, so won't you
B7
Say that you'll be home for Christmas?

[Segunda Parte]

C7M
I don't care about no mistletoe (mistletoe)
Bm7
On the DL I still miss you though (woah!)
Am7
Looking cute at every Christmas party
B7
Posting on my story
Still a little snowy, yeah
C7M
Joyful, joyful, joyful, raise your voice
Bm7
Everybody come and raise your voice
Am7
So now, hey
B7
Let me tell the truth

[Terceira Parte]

C7M
If I remember we would sit by the fire holding hands
Bm7
Sweet smell of sugar and spice was heaven scent

Am7
But like the season you was gone with the wind

Fall, winter, spring
B7
Back around with my December blues

I've been feeling again

So listen
C7M
I really wanna know where we went wrong
Bm7
I wanna know if you would hear this song
Am7
And if I could turn back the time
You'd be in my arms again
B7
But there's some things that I can't change

[Refrão]

C7M
So now
Bm7
This ain't winter without you
Am7
No more joy, no laughter
Wish that I could
B7

C7M
So how
Bm7
How am I supposed to go without you?
Am7
Days gone cold, so won't you
B7
Say that you'll be home for Christmas?

[Ponte]

Cm7
Heavy snow
Pouring out my window (window)
Bm7 Em7
I pray to stars and the angels (oh)
C7M
No, no more lonely nights
No way to hide
Bm7 Em7
Why I need you for sure
C7M
So I keep wishing and hoping
You'd walk through the door (walk through the door)
Bm7 Em7
Hold me cause I know we'll fight through
The cold (fight through the storm)
Am7
As long as I am with my baby
D
Please hurry up, hurry up
I'll be stayin' up all night

[Pré-Refrão]

C7M
No matter what I unwrap in the morning
Bm7
I won't be the same I'd playback every moment
Am7
There's nobody else to run to

Believin' it like it's true
 That you would come to rescue
 I merry miss you, now tell me how
 [Refrão]

Now tell me how
 How am I supposed to go without you?
 Days gone cold, so won't you
 Say that you'll be home for Christmas?
 So now (ooh, baby talk to me now)
 This ain't winter without you (this is where I'm going down)
 No more joy, no laughter (no need to worry about)
 Wish that I could turn it back around
 When I'm falling down

So how (when it's all falling down)
 How am I supposed to go without you? (Just tell me how)
 Days gone cold, so won't you (so baby won't you)
 Say that you'll be home for Christmas?
 [Final]
 Ooh, baby talk to me now
 This is where I'm going down
 No need to worry about
 Let me turn it around
 When it's all falling down
 Just tell me how
 So, baby, won't you
