Baby I need you in my life, in my life

Please bae, don't go switchin' sides, switchin' sides

I swear this is where you reside, you reside

Please bae, don't go switchin' sides, switchin' sides
Yeah, yeah, yeah

Oooh, please don't throw your love away, huh

Please don't throw your love away, huh

Please don't throw your love away, huh, yeah, ayy

I'm nauseous, I'm dyin'

She ripped my heart right out

Can't find her, someone to

My eyes are all cried out

Lost it, riots

Gunfire inside my head

I've lost it, riots

Gunfire inside my head

Baby I need you in my life, in my life

Please bae, don't go switchin' sides, switchin' sides

I swear this is where you reside, you reside

Please bae, don't go switchin' sides, switchin' sides
Yeah, yeah, yeah

Oooh, please don't throw your love away, huh

Please don't throw your love away, huh

Please don't throw your love away, huh, yeah, ayy

Acordes
