

Years & Years - Rendezvous

Tom: C

apotraste na 2ª casa Dm

Blue, blue, blue

C

Bluer than the night

Dm C

You can't change the colour of your pretty eyes

Dm

But I, I, I

C

I have seen the clues

Dm C

Leaving something dirty on me, like tattoos

Bb Dm

Do I have to keep you safe and warm tonight?

Bb Dm

Didn't no one ever teach you wrong from right?

Bb Dm Bb

I don't wanna be something objectified

Dm

Listen, baby, it's you

C

How you gonna keep afloat?

Abm

Baby, it's true

Am

Water's rising, then I choke

Dm C

Now I think you're losing something critical

Abm Am Dm

Maybe our love is just a physical rendezvous

Dm

Shade, shade, shade

C

Shading in the lines

Dm C

I'm just staying steady whilst you're in disguise

Dm

Buy, buy, buy

C

Buy some extra time

Dm

C You can fool the world before they realize

Bb

Dm Bb I don't wanna be something objectified

Dm

Listen, baby, it's you

C

How you gonna keep afloat?

Abm

Baby, it's true

Am

Water's rising, then I choke

Dm

C Now I think you're losing something critical

Abm

Am Dm

Maybe our love is just a physical rendezvous

Ooh

So be a man and take my sympathy for granted

Just take it, just take it, oh

Ooh

Now wash your hands of all the little lies you planted

Just take it, just take it, oh

As I remember, you told me the first time

I was just your rendezvous

Oh

Dm

Listen, baby, it's you

C

How you gonna keep afloat?

Abm

Baby, it's true

Am

Water's rising, then I choke

Dm

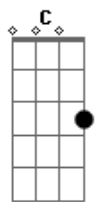

C Now I think you're losing something critical

Abm

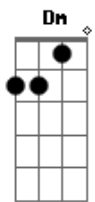

Am Dm

Maybe our love is just a physical rendezvous
