Yellowcard - Lights And Sounds

Tom: A

(intro) B G A B
B G E A

Bm G Gbm
Hello, you, how was the rest?
G Bm
You made it through, but nevertheless
Bm G Gbm
I got you out on a wire.
G Bm
You be love and I'll be a liar.
Bm G Gbm
Tell it all and fill up the air,
G Gbm Bm A G
But make it loud cause nobody's there
Gbm Bm A G
And nobody's there
Gbm Bm A G
And nobody's there

D Gbm
Stop, turn, take a look around
Bm
At all the lights and sounds.
Bb
Let them bring you in.
D Gbm
Slow burn, let it all fade out,
Bm
Pull the curtain down.
Bb
I wonder where you've been?

Bm G Gbm
Make it new, but stay in the lines.
G Bm
Just let go, but keep it inside.
Bm G Gbm
Smile big for everyone,
G Bm
Even when you know what they've done.
Bm G Gbm
They gave you the end but not where to start;
G Bm
Not how to build, how to tear it apart.
Bm G Gbm
So tell it all and fill up the air,
G Gbm Bm A G
But make it loud cause nobody's there
Gbm Bm A G
And nobody's there
Gbm Bm A G
And nobody's there

(chorus)

I've got a way to work this out,
I've got a way and you know how. (x7)

(chorus)
D Gbm
You earned everything you found,
Bm
And painted faces frown.
Bb
I'll say I knew you when...
