

# Yellowcard - Lights And Sounds

Tom: A

(intro) B G A B  
B G E A

Bm G Gbm  
Hello, you, how was the rest?

G Bm  
You made it through, but nevertheless  
Bm G Gbm  
I got you out on a wire.

G Bm  
You be love and I'll be a liar.  
Bm G Gbm

Tell it all and fill up the air,  
G Gbm Bm A G

But make it loud cause nobody's there  
Gbm Bm A G  
And nobody's there  
Gbm Bm A G  
And nobody's there

D Gbm  
Stop, turn, take a look around  
Bm  
At all the lights and sounds.

Bb  
Let them bring you in.  
D Gbm  
Slow burn, let it all fade out,

Bm  
Pull the curtain down.  
Bb  
I wonder where you've been?

Bm G Gbm  
Make it new, but stay in the lines.

G Bm  
Just let go, but keep it inside.  
Bm G Gbm

Smile big for everyone,  
G

Even when you know what they've done. Bm

Bm G Gbm  
They gave you the end but not where to start;

G Bm  
Not how to build, how to tear it apart.

Bm G Gbm  
So tell it all and fill up the air,  
G Gbm Bm A G

But make it loud cause nobody's there  
Gbm Bm A G

And nobody's there

Gbm Bm A G

And nobody's there

(chorus)

I've got a way to work this out,  
I've got a way and you know how. (x7)

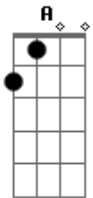

(chorus)

D Gbm  
You earned everything you found,

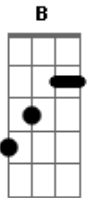

Bm  
And painted faces frown.

Bb  
I'll say I knew you when...
