

Yes - To Ascend

Tom: **E**
Intro: **E** **Abm** **E** **Abm**
E **Abm** **Gb**

E
Were you drifting
Abm
On a strange tide?
E
Collecting visions
Abm
From the other side?
E
Caught between day and night
Abm
You were stealing moments past hours
Gb
Of your life

And balancing on
E
The edge of a knife
Abm **E**
Memories of once longer days
Abm
They keep on flooding back
E
The adventurous times when we
Abm
Traveled life's road
Gb
Though we were often blind
Dbm
But with a lot more heart
E **Gb**
And for each other
B
Taking the time
Em
On a wing and a prayer
B **E**
A wounded bird in the hand
Gb
With the eyes of a child
B **E**
Come to understand
Gb
I will open the book
B
Raise the pen
E
Let it reinvent
B
My life again
Gb
Take me from where I am

As a freed bird
E
Flies from the hand
B

To ascend, to ascend
Gb
(**E** **Abm** **E** **Abm**)

E
Were you catching
Abm
The last train to nowhere?
E
Playing out scenes
Abm
Of dark desert days?
E
Put it behind you now
Abm **Gb**
Call out those bleak shadows from your mind

And never again
E
Slip through the cracks
Abm **E**
Memories of once longer days
