

YMA - Summer Love (part. Gab Ferreira)

Tom: **G**
Intro: **G7M D7M**

I feel with no emotion
My eyes laying in your bed
You're such a pretty summer lover
But I can't stay

We're flirting, kissing, but no hands
You like to move I like to dance
We're flirting, kissing, but no hands
You like to move I like to dance

What a pretty summer lover
What a pretty summer lover
What a pretty summer lover

I felt with that emotion
When your hands touched my face

I just had that feeling
That I knew you from away
More than just a connection
It was so strange
The moment of perception
I knew I needed a taste
What a pretty summer lover
What a pretty summer lover
What a pretty summer lover

(**B**)

I feel with no emotion
Your eyes laying, feeling in my bed
I feel with no emotion
Your eyes laying, feeling in my bed
I feel with no emotion
Your eyes laying, feeling in my bed
I feel with no emotion
Your eyes laying, feeling in my bed
