

# Yo La Tengo - You've Got a Frind

tom:

Intro: E Ebm Ab7

When you're down and troubled  
And you need a some love and care  
And nothing  
Nothing is going right  
Close your eyes and think of me and soon  
I will be there  
To brighten up even your darkest night

You just call out my name and you know wherever  
I am I'll come running to see you again  
Winter, spring, summer or fall all you  
Have to do is call and I'll be there  
You've got a friend  
If the sky above you should turn  
Dark and full of clouds and that old north  
Wind begin to blow

Keep your head together and call my name  
Out loud soon I'll be knocking upon your door

You just call out my name and you know wherever  
I am I'll come running to see you again  
Winter, spring, summer or fall all you  
Have to do is call and I'll be there  
( E Gbm B )

Now ain't it good to know that  
You've got a friend when people can be so cold  
They'll hurt you, yes, and desert you  
They'll take your soul if you let them  
Ooh, but don't you let them

You just call out my name and you know wherever  
I am I'll come running to see you again  
Winter, spring, summer or fall all you  
Have to do is call and I'll be there  
You've got a friend
