

# Yothu Yindi - Tribal Voice

tom:

Intro: Bm A E Bm A E

There's a walking of a rainbow dawn

And the sun will rise up high

There's a whisper in the morning light

Saying get up and meet the day

Well inside my mind there's a tribal voice

And it's speaking to me every day

And all i have to do is to make a choice

But i know there is no other way

All the people in the world are dreaming

Some of us cry cry cry for the rights of survival

Saying c'mon c'mon! Stand up for your rights

While others don't give a damn

They're all waiting for a perfect day

You better get up and fight for your rights

Don't be afraid of the move you make

You better listen to your tribal voice!

[Solo] Bm A E Bm A E  
Bm A E C D E  
C D E

All the people in the world are dreaming

Some of us cry cry cry for the rights of survival

You better get up and fight for your rights

Don't be afraid of the move you make

You better listen to your tribal voice!

Well i wonder if it's part of history

Full of influential mystery

From the spirits of my people who have just gone before

And the future of another day

All the people in the world are dreaming

Some of us cry cry cry for the rights of survival

Saying c'mon c'mon! Stand up for your rights

While others don't give a damn

They're all waiting for a perfect day

You better get up and fight for your rights

Don't be afraid of the move you make

You better listen to your tribal voice!

You better listen to your tribal voice!

You better listen to your tribal voice!
